Please have a look at the websites of the residencies! They are the ultimate source of valid information on the accommodation offered – such as prices, conditions, facilities, etc.

You will as well find an **online application form on (nearly) every website**. (Unfortunately only in German in some cases.) Please follow the instructions.

Please mind: normally there are additional costs in the beginning (fees and caution) and you will have to pay in advance otherwise the reservation will not be valid!
