

Admission to the Master of Architecture curriculum at the University of Art and Industrial Design Linz, in relation to the regulations governing access to professions in EU Member States

All applicants who have passed the examination for admission to the Master of Architecture curriculum at the University of Art and Industrial Design Linz shall submit documents enabling the body competent under the legislation governing university studies to verify whether the completion of the Master curriculum at the University of Art and Industrial Design Linz, in conjunction with the already successfully completed Bachelor of Architecture curriculum or the successfully completed first stage of a diploma curriculum of architecture, indeed fully covers the 11 points defined in Art. 46 para. 1 of the DIRECTIVE 2005/36/EC OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL (7 September 2005).

The documents for this verification shall be structured according to the 11 criteria and submitted together with relevant explanatory statements (descriptions of courses, classes, curricula, etc.). Any subsequent admission shall be granted in compliance with Art. 64 para. 5 of the Federal Act on the Organisation of Universities of 2002 as amended.
